

# TUMPS Illness Policy

My child needs to stay home if she/he has.....

A fever	Diarrhea	Vomiting	Severe cough	Yellowish skin or eyes	Inflamed or irritated eyes
					
Temperature of 100 F or higher	More than 1 episode of diarrhea within 24 hours	Within the past 24 hours. This vomiting is not from motion sickness.	Within the past 24 hours	Yellow pigment in skin or eyes	Redness, itching and/or pus draining from eye

Unclear drainage from nose or eyes	Lethargic behavior	Unusual urine or stool	Stiff neck	Undiagnosed skin rash or sores	Difficult or rapid breathing
					
Within the past 24 hours	Overly tired as demonstrated by falling asleep or laying down despite frequent teacher redirection	Unusually dark urine or gray or white stool	Discomfort or pain when trying to turn, move, or flex the neck.	Substantial body rash or itching with no known cause	Breathing that is too fast or shallow; hyperventilation

My child is ready to return to school if.....

Symptoms have been gone for 24 hours and/or antibiotics have been given for 24 hours.

*If a child had a fever, they must be fever free without the use of over the counter meds before they can return to school.*
